Instructions.

(a) The Cotton Transport Act does not impose any general restriction on cotton transport but only on transport into specified areas (notified by local Governments for protection) from stations outside those areas. Each notification includes a schedule of railway stations in the protected area to which it refers. Licences are only required by concerns situated within the limits of a protected area. Licences granted under the Cotton Transport Act are available for the importation of cotton from anywhere in India but only to the stations specified.

(b) Cotton, as defined in the Act, includes ginned cotton, unginned cotton (kapas), cotton seed and cotton waste, but separate licences are required for each. Separate rules are also in force for the importation into protected areas of cotton by road, river or sea.

(c) Stationmasters or other railway servants responsible for the booking of goods or parcels at all stations in India are empowered by section 4 of the Act to refuse to book cotton to a notified station in a protected area unless a certified copy of the licence is handed in when the cotton is tendered for booking. Each consignment requires a separate certified copy which will accompany the railway invoice to destination.

(d) Stationmasters or other railway servants responsible for the receipt and delivery to the consignee of goods and parcels at notified stations are required by section 5 of the Act to refuse delivery of cotton from outside the protected area (which is defined by a list of stations) unless accompanied by a certified copy of the licence (or unless the original licence is produced).

(e) Paragraph 2 in the application form corresponds with condition (b) of the licence the object being to safeguard the protected area against the misuse (which might be quite unintentional) of cotton imported under licence.

(f) The protected areas notified in the Madras Presidency are those contained in Government Notification, Development Department, No.
